

**Latvia, October 2022**

# Our journey to Latvia

We started our journey to Latvia on Sunday morning at the square in Chotěbor. We met our teachers here, who came with us, at least for the first week. From here we took public transport to Prague Airport. Here we boarded the plane to Riga.

# Riga

In Riga, we met our guides Laura and Paula. From here we went to our rooms in the university dormitory. There we left our things and went to Kalnciema Ezītis mīglā for lunch.

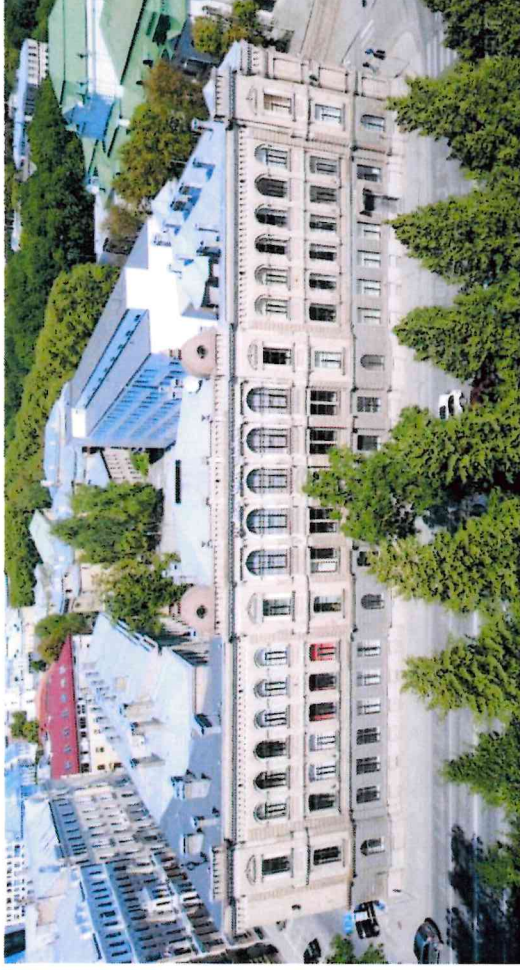

EZĪTĪS  
MĪGLĀ

# Day 1 in Riga

We went to see the local RVT school. Here the local teachers showed us around the school. After that, our guides led us to their workshops.

# Day 2 in Riga

This day we returned to the workshops, where students from the student councils were waiting for us. To get to know us. Then they took us through the old town. And in the evening we went bowling together with them.

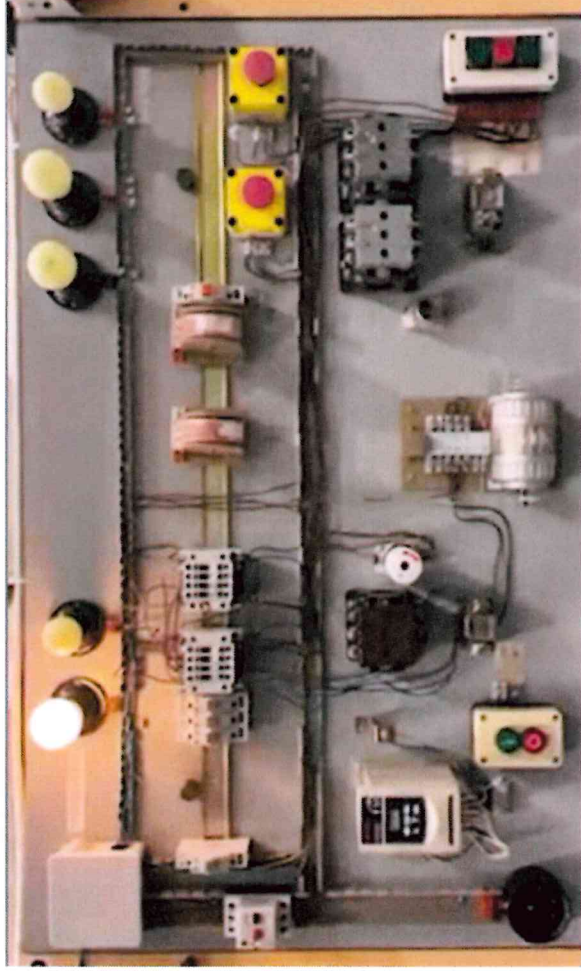

# Day 3 in Riga as an Electrician

This day we returned to the workshops again, where our master was waiting for us. And we tried to engage the engine reversal.

# Day 3 in Riga as a Joiner

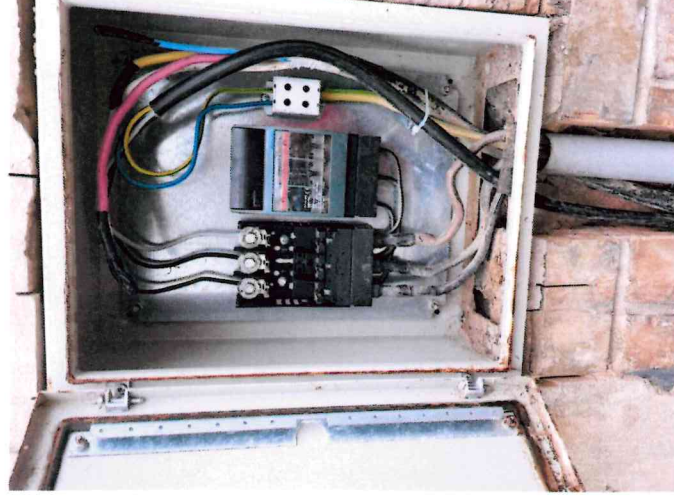

Today, the joiners went on a tour of the company Dizosols and worked for a few hours.

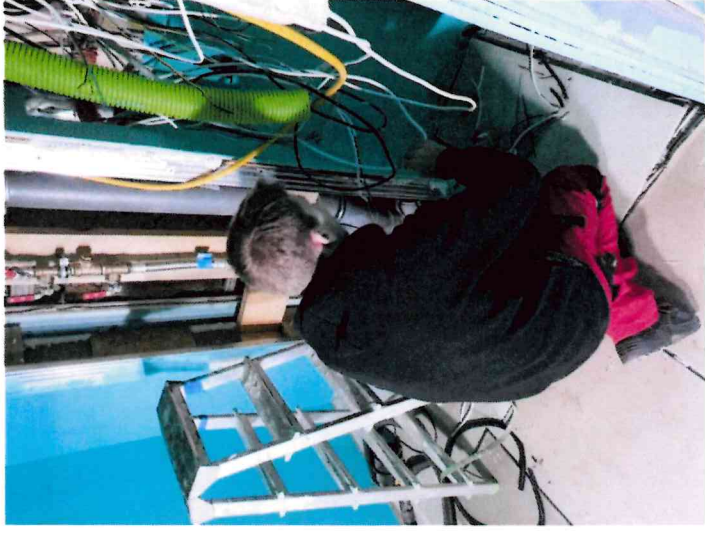

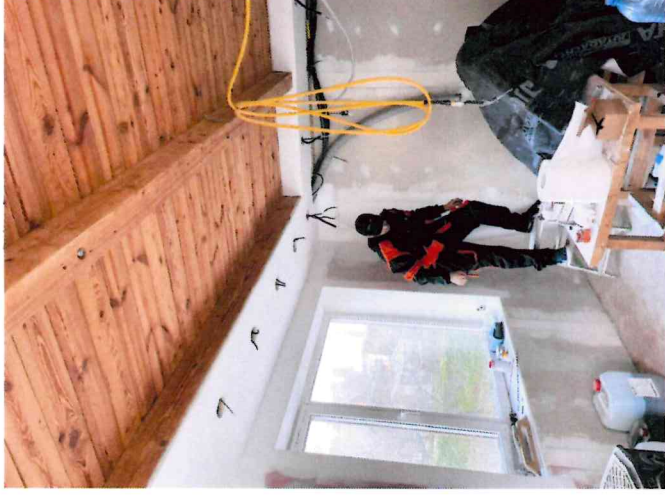

# Day 4 in Riga as an Electrician

This day we went to see the object in which we will connect the lights. But in the end, we went to another object to connect a couple of good-looking lights and sockets for the renovation.

# Day 5 in Riga as an Electrician

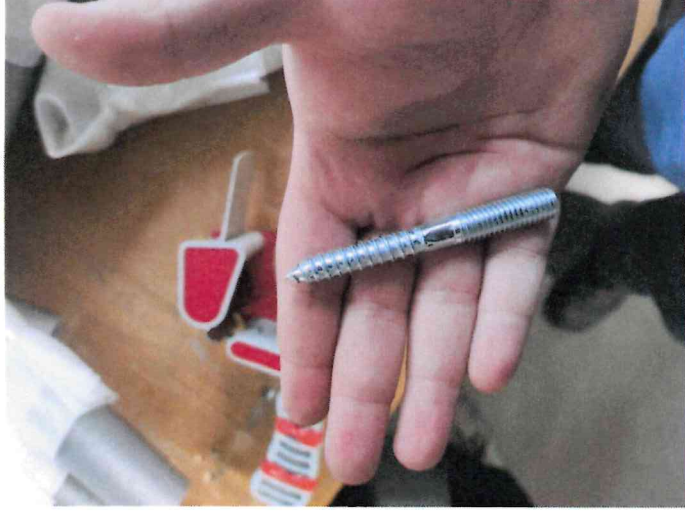

We started this day by dividing into two groups. One set out to finish a couple of sockets and a switch on the second object The other was dividing the cables and finding out where they lead, which then we connected the lights.

# Day 4 and 5 in Riga as a Joiner

Packaging pieces of furniture. Sanding varnished chairs.

## Day 6 in Riga

This day we went to an open-air museum, where we spent a wonderful afternoon. After that, we went for lunch at the local LIDO restaurant. Then they went shopping in a department store. And in the afternoon we went to play a laser game.

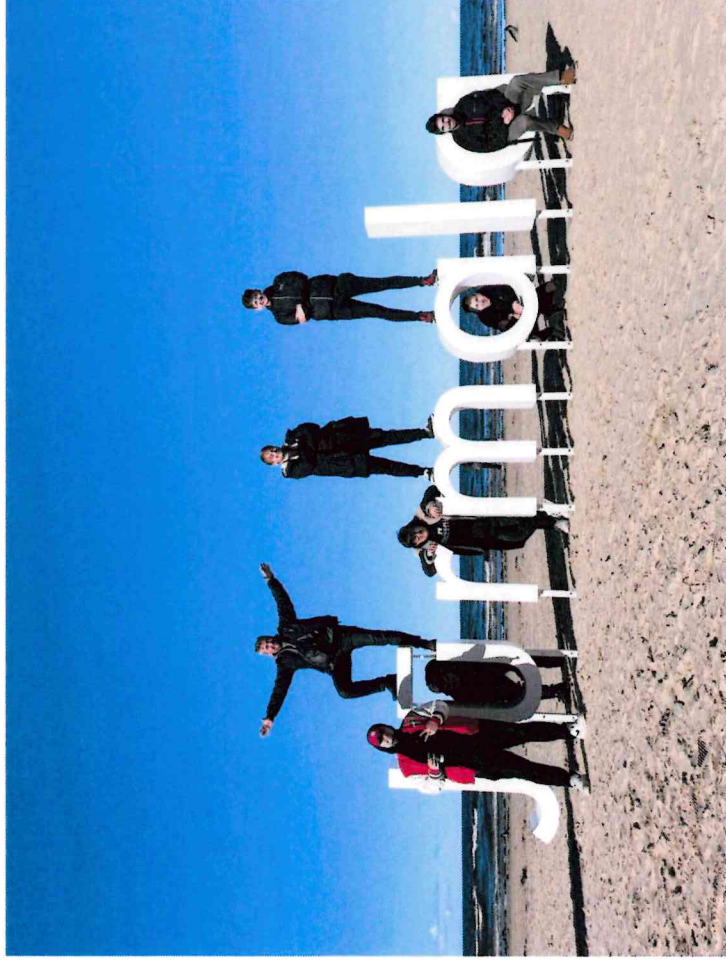

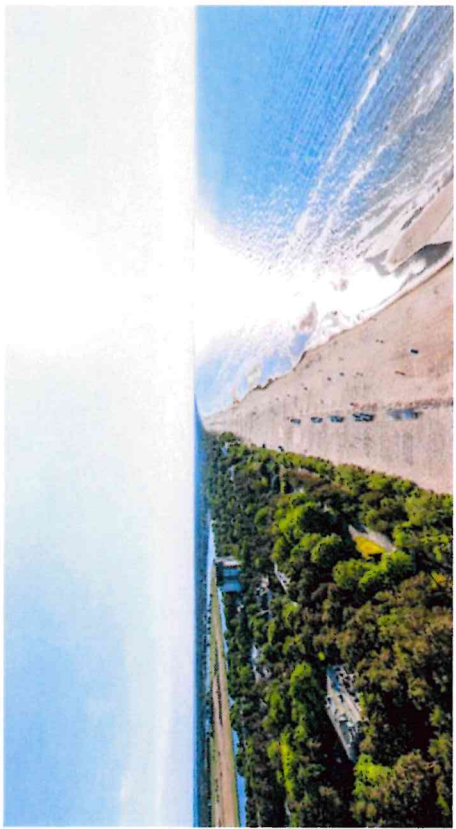

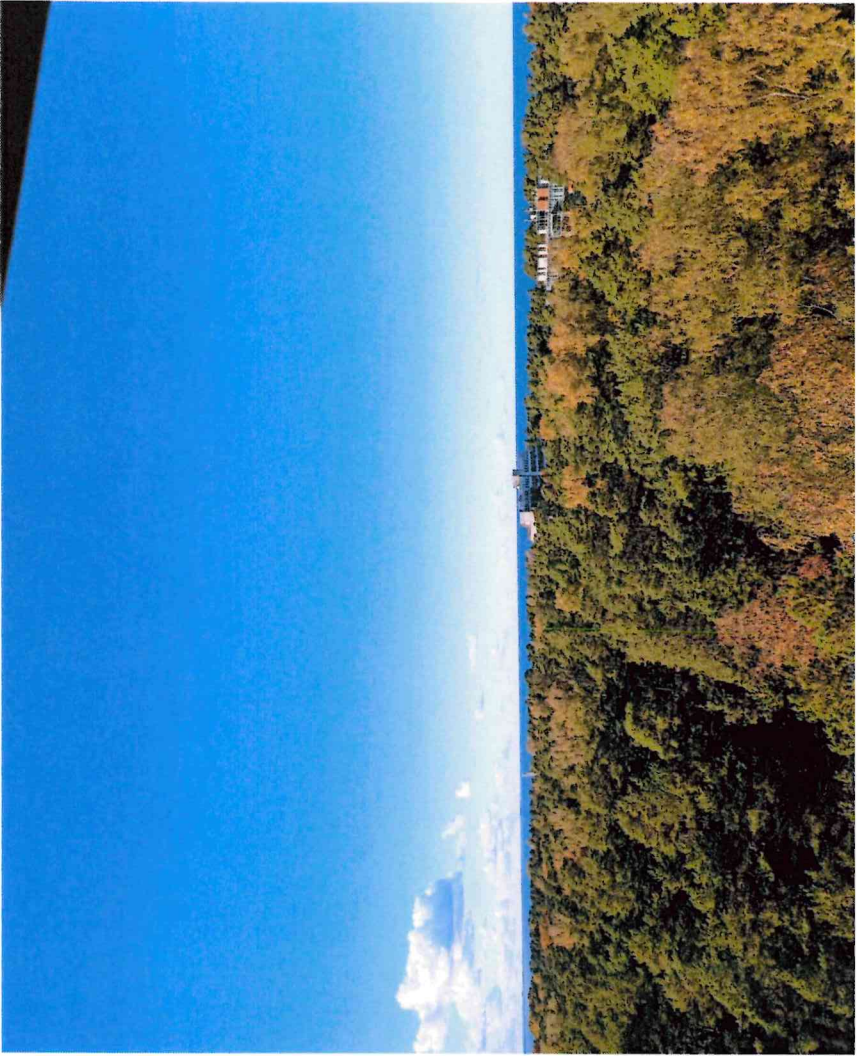

# Day 7 in Riga

This morning we went to the Museum of Occupation, where we heard what Latvia had to go through in the last 100 years. And then we went on a trip to the seaside spa town of Jurmala.

# Days 8 to 12 in Riga as a Joiner

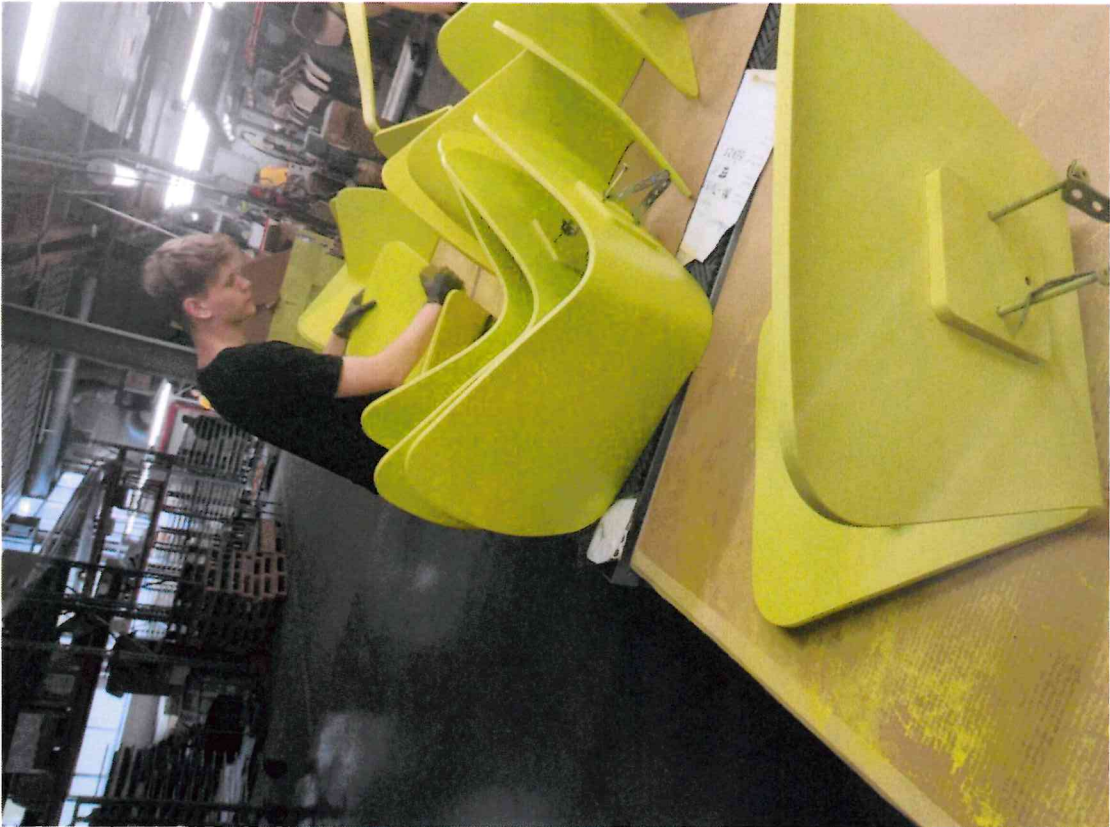

Joiners worked on 5D CNC machines. Also they were oiling some wood pieces of furniture.

# Days 8 to 12 in Riga as an Electrician

Whole second week we were going to work. It wasn't bad as normal work because we joked a lot with our supervisors and foreman.

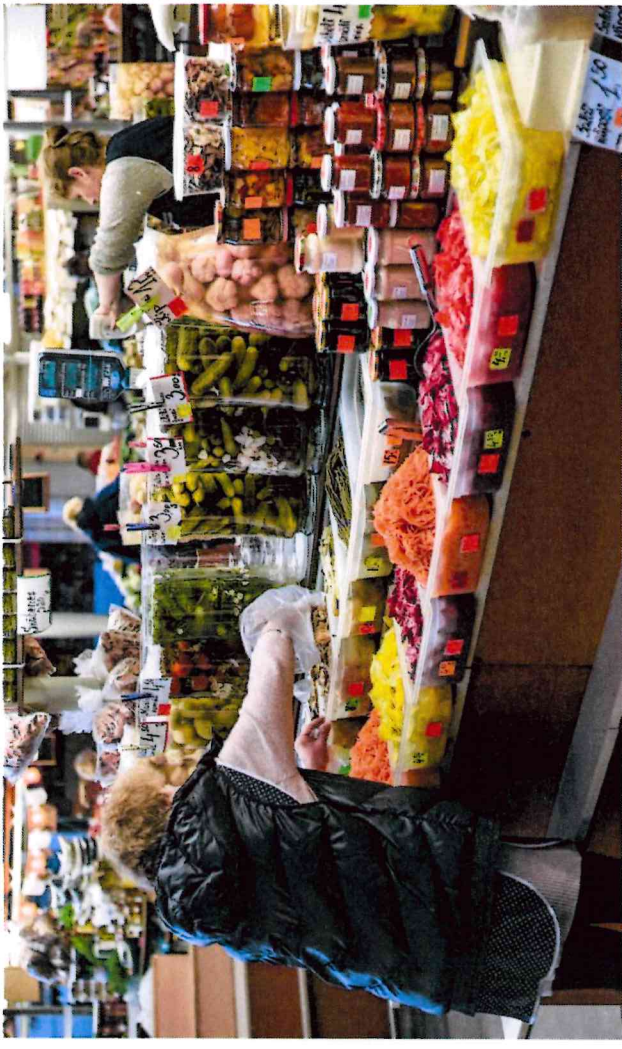

# Free time in Riga

During our free time in Riga we explored the Old town and also visited the popular central market where we tried local specialities.

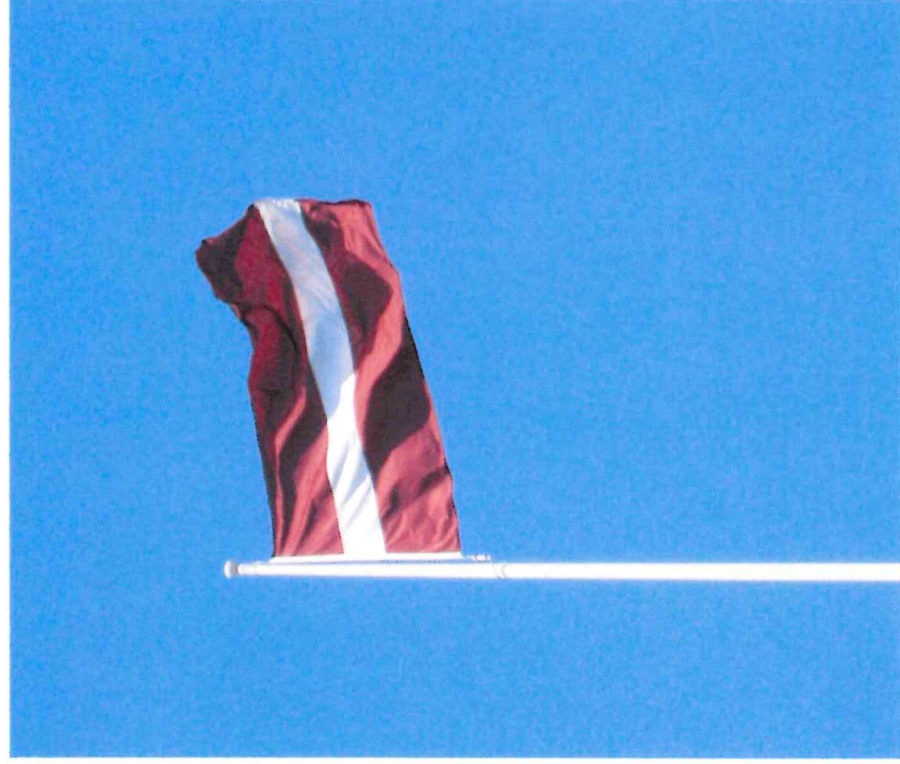

# Day 12 our last day in Riga

On Friday after the final evaluation at work we left our dormitory and traveled to the airport and said goodbye to our guide Paula.

At the airport we checked in for the flight and went to gate. After that we got on plane and said our last goodbye to the beautiful country called Latvia.

When we landed in Prague, we traveled to the Main trainstation from where we traveled to Golčův Jeníkov.

After that we headed home.
